Bay Area Author Takes Top Honors at Next Generation Indie Book Awards.

Novato, CA – Winans International is happy to announce that its President and award-winning author Kenneth G. Winans has been honored with top honors in the 2009 Next Generation Indie Book Awards.

His latest book "Investment Atlas" was the winner in the highly competitive Finance category as well as a finalist in four other categories (Best Overall Design, Business, History and Coffee Table Book).

"Winning in 2009 is especially sweet, because of all the great finance books written during these tremulous times," says Ken Winans.

Mr. Winans first book "Preferreds" was chosen as the top investment book in the 2007 USA Book News Best Book Awards. This also marks the eighth time his books and articles have won awards.
